

CALPIA Century System LED Lights Pricing Addendum
Effective 10/1/11 – Revised: 6/11/14

CALPIA has added a new line of LED lights. As of 10/1/11, standard task lights are still available and remain at the same cost effective price.

The below listing is for the LED light options and associated pricing. LED lights listed below that are ordered in conjunction with a modular systems furniture project will receive the respective discount price.

Revised on July 1, 2013, reflects the discontinuance of 48" under cabinet LED lights. Light need can be met by utilizing a 36" option or two 24" if needed. Standard recommendation is to utilize one 36" under cabinet LED light.

Revised on June 11, 2014, reflects the new design for under cabinet LED lights. New design adds a removable optical diffuser.

List prices and discounts are subject to change without prior notice. Applicable prices are those prices in effect at the time of receipt of order or those established by awarded contract or bid.

LED TASK LIGHTS

Item Code: LD24

Price: \$433.00

LED Under storage task light

LED light for 24" under cabinet. Light includes a removable optical diffuser and magnetic mounting hardware. Light bar rotates 180°. Touch sensitive on/off control. 9' power cord. LED lamp life: 50,000 hrs. 3500K color temp - CRI: 85.

Item Code: LD36

Price: \$601.00

LED Under storage task light

LED light for 36" under cabinet. Light includes a removable optical diffuser and magnetic mounting hardware. Light bar rotates 180°. Touch sensitive on/off control. 9' power cord. LED lamp life: 50,000 hrs. 3500K color temp - CRI: 85.

LED COUNTER TOP/MINI-SHELF TASK LIGHTS

Item Code: CTLD24

Price: \$433.00

LED mounted task light

LED light for 24" under cabinet. Light includes a removable optical diffuser and magnetic mounting hardware. Light bar rotates 180°. Touch sensitive on/off control. 9' power cord. LED lamp life: 50,000 hrs. 3500K color temp - CRI: 85.

Item Code: CTLD36

Price: \$601.00

LED mounted task light

LED light for 36" under cabinet. Light includes a removable optical diffuser and magnetic mounting hardware. Light bar rotates 180°. Touch sensitive on/off control. 9' power cord. LED lamp life: 50,000 hrs. 3500K color temp - CRI: 85.

LED ARTICULATING TASK LIGHTS

Item Code: LDAD

Price: \$519.00

LED Articulating Double Arm

Utilizes an energy efficient multi-LED lighting array and uses just 6 watts of power. Provides easy adjustment with tension-loaded joints allowing for a wide range of motion and precise placement and incorporates a heavy 6 lb. base, assuring the lamp remains firmly on the work surface while being adjusted. Two arms, 16" and 18" connected by an articulating joint, total reach: 36". 50,000-hour lamp life. CRI: 70, 3800K color temperature. 180° rotation at light source. Integrated cord management.

Item Code: LDAR

Price: \$493.00

LED Articulating Single Arm

Utilizes an energy efficient multi-LED lighting array and uses just 6 watts of power. Provides easy adjustment with tension-loaded joints allowing for a wide range of motion and precise placement and incorporates a heavy 6 lb. base, assuring the lamp remains firmly on the work surface while being adjusted. Arced single arm with total reach: 21". 50,000-hour lamp life. CRI: 70, 3800K color temperature. 180° rotation at light source. Integrated cord management.

Item Code: LDADF

Price: \$579.00

LED Flexible Arm Task Light

LED task light features a fully articulated two arm configuration designed to provide maximum flexibility when lighting your work area. Lightweight aluminum slim design. Low profile 7.5" base with 360° rotation. Two arms, 13" and 14" connected by a fully articulating joint. 4 energy efficient high-power LEDs. 6.5W, 40,000-hour lamp life. 3200-3700K color temperature. 4-step dimming. 6' power cord. Task light with Base Mount.

Item Code: LDA

Price: \$228.00

LED Articulating Gooseneck Task Light

LED task light with flexible bend arm. Small profile, Lightweight, Energy efficient 3W LED lamp, 3300K color temperature, 11.8" reach, 7' power cord.
